**Please note:**

I. Recorded videos of the Examination paper detailed discussion will be uploaded every day after the Examinations.

The detailed revision, discussion & analysis will be done on next day as per the schedule.

II. Students are requested to clear their doubts using chat box, or Q&A or E-mail or WhatsApp.

III. Each student should download the scanned copy of the OMR sheet made available from the Chaithanya Classes APP or sent through Email and all the Examinations should be worked out in two ways. 1. Through online 2. Using downloaded print out of OMR sheet. The marked OMR sheet should be uploaded within 10 minutes after the completion of the online Examinations through APP. Working out of the Examinations, using the printed copy of the OMR sheet is very important for attaining the speed for KEAM & NEET (OMR Examinations).

**Best time management strategy for OMR Examination(our suggestion)**

1. Divide the total Exam time into 3( 60 minutes each).

2. Consider the paper into 2 half.

3. During the first 60 minutes, choose your correct answers from almost half of the paper. ie you have to read and finalise your choice from almost 90 questions.

4. During the second 60 minutes, choose your answers from the remaining 90 questions.

5. During the last 60 minutes, go for a second round and concentrate on the unattempted or incomplete questions.

6. Fold your hall ticket similar to the shape of a scale and put it horizontally on the OMR sheet and drop it down one by one using the left hand, this will help very well to avoid the serious error of wrongly marking the bubble of the corresponding question number.

Always remember " **there is no substitute for hardwork and no short cut to success** "
