+1 TOPICS, FIRST PHASE DAILY REVISION PLAN

Spend 4 hours for revising the +1 topics along with the +2 chapters preparation. Remember, for +1 revision, you have to divert 4 hours during the class days & 6 hours during the holidays. If you avoid the revision of the 1st year chapters, ultimately you will find it difficult to restart your first year revision. Hence as informed earlier, hold the 1st year topics along with the 2nd year topics preparation, using the revision work out steps schedule given below. The pending work out steps if any, during a week, should be completed during Friday afternoon, Sundays & other holidays.

DATE	DAY	+1 CHAPTE RS	REVISION WORK OUT STEPS						
			STEP 1. Fast theory revision:-Revise the theoretical concept using the NCERT text, note script and mind map of your own. STEP 2. Recollection of the concept about a question using the imagination and association techniques:- Observe and recollect the concept behind each question discussed from the improvement book and advanced book. STEP 3. DPP work out ; - Work out the DPP of the chapter using the duplicate OMR, check with the key and repeat till the error become zero. Put a tick mark after finishing the steps.
