For the information of Repeater NEET-2024 batch students of Chaithanya classes & their parents

Dear Students/Parents,

Please note & follow the guidelines given below.

1. Mobile phone is banned within the compound and in the classroom. If it is seized, it will not be returned till May 5th.
2. For parent teacher's meeting of the first round, we will follow the class pattern formed on the basis of 3rd reshuffling (existing condition). We request all the students of CrB2, CrG2, CrB3, CrG3 & CrG4 (based on the 3rd reshuffling) to attend their parent teachers meeting as already informed.

Schedule for parent teachers meeting as per 3rd reshuffling.

3. Some parents have not attended the parent teachers meeting (CRB1, CRG1). Dates for the next parent teachers meeting for those who have not turned up will be sent to the concerned parents by post. All such parents shall attend the meeting on the scheduled dates.
4. The new batches after 4th reshuffling will come into effect on 19.12.2023.
5. We request you to speed up the OMR marking. You have to attempt all the questions and make sure that all your answers are correct. The (-) ve mark should come down only then the total score will go up.
6. It is wise to stay in the hostel and continue your studies without going to your residential places during the coming study holidays. Take the advantage of avoiding travelling till NEET-2024 exam, mentioned in the earlier intimations.
7. We are expecting the notification for NEET-2024 during the last week of December or 1st week of January 2024. We request all the students to prepare their documents for submitting the application in advance. Remember, you should apply Trichur as the Exam center since you can avoid the last moment travelling and shifting of the premise. According to our view, if you shift the premise it will affect your mind set (details for the final preparation will be issued later).
8. We request all the students to concentrate fully on their studies. Strictly follow the schedule, revise the chapters and work out PYQ according to the schedule given. Once again we request to clear your doubts using the different ways already given. There is still 144 days remaining, you have to work out 51 NEET models. Always remember you are the best trained student. If you discard your study opportunities, you have to regret later.
